

« Art is a serious business, but it is not necessarily heavy" »

The company propose you performances that combine:

- theatre and its journey through time
- circus and its journey through the instant
- dance in its journey through dream.

3 keywords that define our propositions are:

- physicality
- oxymoron, in the combination of apparently antagonist techniques
- eclecticism

We are mainly active in the areas of:

- circus
- street arts
- clown
- dance

with creations suitable for **indoors and outdoors**, and accessible to **the general public**.

Another important area of expertise we offer is [workshops for children](#) and performances for schools.

The company also organizes dance, physical theatre, juggling, acrobatics, rhythm... [workshops](#) for anyone wishing to explore their creativity.

We also propose [site specific](#) and tailor made creations.

The company's creative horizon reaches all arts. We have experience in multidisciplinary work, combining movement with chamber music ensembles, video creations and art installations...

Our **goals** are to offer:

- to make a space vibrate, within a limited time frame.
- the creation of an "alive" performances in constant transformation.

Shows currently touring are:

- [Alamor](#) dance and puppetry
- [La Rencontre](#) dance and physical theater
- [Ooups](#) beat box, acrobatics and juggling
- [Chrysalis](#) dance and acrobatics
- [In Situ creations](#) physical theater and dance
