## Adambara and Zhim Storytelling and workshop

'Adambara and Zhim' is a charming, show based on the traditional Indian Panchatantra story of the Elephant and the mouse.

The story is told by our narrator and mouse Zhim and encourages children to get involved! Through enchanting puppetry and storytelling we see how the two creatures learn to live side by side in harmony and how a tiny mouse helped the elephants to survive.

The performance includes new music, sound effects and audience participation. This gentle show is perfect for ages 3+ and has a message of friendship, peace and harmony.

This culturally diverse show is really special and our elephant Adambara is very popular with all the children who meet him! Zhim our mouse loves telling their story and meeting the public!

After the performance we will create an Indian Mandala to take home. A Mandala is a form of art stemming from the Buddhist and Hindu traditions. Participants will create their own using stencils, chalk and gems. We will also provide an elephant mask craft.
